

Tracy Kearney a newly appointed AG US Missionary Associate

PURPOSE STATEMENT

Ready Now Recovery prepares and equips communities for freedom from life controlling issues through the power of Jesus Christ.

VISION STATEMENT

Bringing wholeness to every person, believing for recovery.

Romans 5:3-5

Work Description

I will be starting groups in churches throughout the Northeast. (Maine, New Hampshire, Vermont, Rhode Island, Massachusetts, Connecticut, New York, New Jersey and Delaware) I will train facilitators, do community presentations and be a resource to help reach their areas.

Community

Recovery is more than an individual journey. It takes a community — and it makes a community. It isn't always easy, but we can always do it together. We are committed to training community leaders to establish in-person and virtual groups.
