

Greetings, Friends!

Why This Matters

Recently, a pastor shared that addiction is affecting families throughout his community, yet many churches feel unprepared to respond.

That's why Ready Now Recovery exists—to equip local churches with Christ-centered tools that bring hope, healing, and freedom.

Every church we train becomes another place where people can find help before addiction destroys another life.

Help Bring Recovery to the East Coast

I'm currently at 40% of my monthly support goal.

As God opens doors across 16 East Coast states, I am seeking ministry partners who will help equip churches and reach people trapped in addiction.

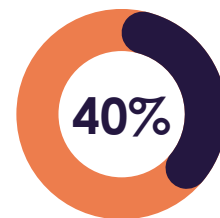

Would you consider becoming a monthly partner?

\$25/month helps provide recovery resources.

\$50/month helps train facilitators.

\$100/month helps expand Ready Now Recovery into new communities.

Together we can bring hope and healing through Jesus Christ.
